Mutual Fund Investing for Canadians

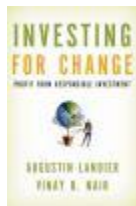

Andrew Bell
332.6327 Bell

Mutual funds offer investors a diverse portfolio in a single investment, which is critical in an uncertain economy. Although ideal for buyers who don't want to tackle the stock market alone, mutual funds can still be intimidating, with a bewildering array of options. And now that foreign content regulations for RRSPs have been lifted, Canadians have even more choices.

Investing for change : profit from responsible investment

Augustin Landier & Vinay B. Nair
332.6 Landi

The socially conscious citizen is uneasy today, as globalization seems to grind social standards ever lower, driving companies to search abroad for the lowest labour costs and forcing governments to reduce safety regulations to attract them. In this scenario, workers earn less, the environment suffers, tax revenues for health care and other social necessities fall lower and lower. Investing for Change shows that these citizens can change the globalized world in the direction of many common values by being a socially conscious investor. How can one invest according to one's values? Will it change the way companies act?

Real estate investing in Canada 2.0 : how to create wealth with the ACRE system

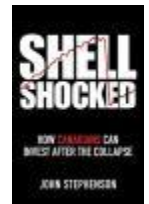

Don R. Campbell
332.6324 Campb 2009

Canadians are looking to real estate investing to build wealth. The Authentic Canadian Real Estate (ACRE) System is the first of its kind to show ordinary Canadians how to profit from investing in residential real estate. In *Real Estate Investing in Canada, Second Edition*, readers will discover how to cut through the hype and emotion of a real estate market and assess the inherent risks and rewards. Whether buying a first property or the 100th, this book gives every investor new-found tools, strategies and confidence to achieve their investment goals.

Shell shocked : how Canadians can invest after the collapse.

John Stephenson
332.60971 Steph

As the world picks itself off the mat and begins to grow again, a bull market in all things Canadian is about to wash up on our shores. A wave of unprecedented prosperity is about to occur, one that will transform the fortunes of Canadian investors who understand how the world has dramatically shifted and why Canada will be the biggest beneficiary. High technology companies, banking, residential real estate and, of course, our much-maligned resource sector will all be front and centre in this rising wave of prosperity, driven not by America but by Asia.
