[Work less, live more: the new way to retire early](#)

By Bob Clyatt and Barbara Repa

According to the authors, early semi-retirement and reclaiming the proper balance between life and work is the way to retire. By reducing spending and living a pared down but more satisfying lifestyle, it is possible to accumulate savings which can provide a steady annual income. Any shortfall can be filled with a modest amount of work for the largest pay check possible, with a refreshed state of mind.

[Encore: finding work that matters in the second half of life](#)

By Marc Freedman

Freedman has written a summary and guide for boomers entering the next phase of their lives. Rather than approaching retirement as a time for leisure, he argues that boomers should be using their knowledge and experience to pursue fulfilling second careers. He offers a guide to finding your own particular encore career.

[Secrets of becoming a late bloomer](#)

By Connie Goldman and Richard Mahler

Every one of us, at any age or any stage of life, has the potential to become a Late Bloomer. Inspiring stories are presented of ordinary people who are active, fulfilled and making the most of their later years. Practical tips are offered about how to bring out the Late Bloomer in all of us with simple shifts in attitude and behaviour.
