How to Use Lynda.com Courses

- Browse courses by topics, software, or by learning paths. Learning paths are pre-selected courses designed to help develop a skillset such as “3D Character Animation” or “Cloud Developer”.
 - On the computer:
 - Click on “Library” to open a topics list.
 - On a smart device:
 - Tap the three horizontal lines in the top left and tap “Library”.
- Don’t see what you want in the browsing list?
 - On the computer:
 - Fill in a study topic in the search box at the top. Click on the magnifying glass.
 - Results can be filtered by type, skill difficulty, duration, subjects, software, companies and authors. Sort by best match and release date.
 - On a smart device:
 - Tap on the magnifying glass.
 - Fill in your study topic and tap “Search”.
 - Sort by relevancy, alphabetical course title and release date.
- Choose the video course you would like to watch.
- Choose the triangle surrounded by a circle in the center of the video to play the video.
 - To pause the video, choose the parallel lines in the bottom left of the video window.
 - Adjust the volume with the speaker icon.
 - To maximize the video screen, choose the icon with two arrows pointing away from each other.

Important to Know

- Lynda.com will remember your spot in a course. From the main screen, you can find your course in the “Continue Watching” area.
- Interested in watching videos later?
 - Create a playlist by choosing the “Plus sign” on a course to add it.
- Want to watch a course without Internet on your smart device?
 - In the course, tap on the yellow arrow pointing to a horizontal line to download the videos to your device. These videos can be deleted in the Downloads section of the app later.
